

FINANCIAL POLICY FOR MEDICAL SERVICES

INSURANCE BILLING & PAYMENT PROCEDURE

We are currently NOT contracted with any insurance companies, therefore we do not bill insurance for medical services on your behalf. Medical office visits are charged on a cash basis, and payment is required at the time of your appointment.

If you choose to submit a claim to your insurance company on your own, we will provide you with the appropriate paperwork; however, because we are considered an out-of-network provider, reimbursement is not guaranteed, and out of pocket patient responsibility may vary.

MEDICAL OFFICE VISIT CHARGE

Your initial office visit is \$250; office visits thereafter are \$125. Any additional services rendered will incur an additional charge.

If you were scheduled for a cosmetic consultation or cosmetic treatment and you receive any of the following services, the appointment also becomes a **Medical Office Visit** and will be charged accordingly.

Below are a few examples of medical charges you may receive:

- If a prescription for medication is received for any reason
- If a biopsy/excision is performed
- If you receive an order for blood work

If a biopsy or excision is performed, the specimen(s) will be sent to the pathology lab for diagnosis. We may collect your insurance information and forward it to the lab, however, Total Dermatology is a separate entity from said lab, and has no affiliation with their financial policies.

By signing below, I indicate understanding of all terms of Total Dermatology's "FINANCIAL POLICY FOR MEDICAL SERVICES." I authorize the release of any medical information necessary to process my medical claim.
